

**Capacity Building Training on
Competition Policy in the Digital Age &
Advanced Spectrum Management for Mobile Telecommunications**

**July 24 -26
Amman, Jordan**

Day 1: 24/7/2016	
9.00 – 9.15	Welcome and Introductions
9.15 – 11.00	Capacity Building training on Competition Policy in the Digital Age Introduction to Competition Policy: the Relationship with Economic Regulation Market Definition in Practice – part 1
11.00 – 11.15	Break
11.15 – 13.00	Capacity Building training on Competition Policy in the Digital Age Market Definition in Practice – Part 2 Market Assessment in Practice – Part 1
13.00 – 14:15	Lunch
14:15 – 15:30	Capacity Building training on Competition Policy in the Digital Age Market Assessment in Practice – Part 2
15:30 – 15:45	Break
15:45 – 17:00	Capacity Building training on Competition Policy in the Digital Age How Competition Policy Works Today: Key Trends
17:00	Close

Day 2: 25/7/2016	
9.00 – 9.15	Recap of Day 1
9.15 – 11.00	Morning session: Capacity Building training on Competition Policy in the Digital Age Efficiencies in Market Assessment
11.00 – 11.15	Break
11.15 – 14.00	Morning session: Capacity Building training on Competition Policy in the Digital Age Spectrum Allocation and Competition Policy New and Old bottlenecks
13.00 – 14:15	Lunch
14:15 – 16:15	Afternoon Session: Regulatory Modernization Seminar
16:15 – 16:30	Break
16:30 – 17:00	Q&A
17:00	Close

Day3: 26/7/2016 Spectrum Workshop

9.00 – 9.15	Welcome and Introductions
9.15 – 11.00	Capacity Building training on Advanced Spectrum Management for Mobile Telecommunications Introduction to spectrum management – review of fundamentals Spectrum management objectives Economic impact of spectrum and mobile International context Future trends
11.00 – 11.15	Break
11.15 – 13.00	Capacity Building training on Advanced Spectrum Management for Mobile Telecommunications Spectrum Licensing Auctions and spectrum pricing as management tools Interference management and monitoring Cross border coordination for mobile ITU and Master Frequency Register
13.00 – 14:15	Lunch
14:15 – 15:30	Capacity Building training on Advanced Spectrum Management for Mobile Telecommunications Digital Dividend and analogue switch off 800 and 700 MHz bands for mobile broadband Case study of how to implement ASO Future for convergence
15:30 – 15:45	Break
15:45 – 17:00	Capacity Building training on Advanced Spectrum Management for Mobile Telecommunications How are mobile networks planned? How much spectrum does a mobile network need? Planning exercise Review and recap of the day
17:00	Close
